

NewsnChina has a database of every Chinese public company listed on the SSE, SZE and other overseas exchanges. CProfiles is the premium source of information about listed companies as well as IPOs and future stocks. The financial data is derived from the SSE, SZE and other stock exchanges and contain:

- Business Description
- Capital Structure
- Financial Data
- Quotes Data
- Charts
- Directors / Management
- Consensus Analytics

CProfiles for Companies is a hosted solution that gives global investors free access to your company's up-to-date information in the English language from your own website. This means that you no longer have to maintain an English language profile of your company – we do it for you automatically with content and data from the stock exchange filings.

CProfiles for Stockbrokers and Institutions is a selection of company profiles that best reflect your research on companies. It is custom tailored for your website.
